

Boone Police reminds the public to be aware of two wheeled vehicles.

The Boone Police Department wants the citizens of Boone to be aware of increased operators of bicycles, mopeds and motorcycles due to the increased cost of fuel.

It is obvious with the high cost of fuel citizens are seeking other means of transportation to avoid higher fuel costs.

With the combination of bicycles, mopeds and motorcycles; the chance of injuries are higher, as well as potentially fatal if an accident occurs involving a bicycle, moped or motorcycle.

Boone Police would like to remind citizens of the following:

- 1.) Obey all laws and follow the rules of the road.
- 2.) Do not take chances.
- 3.) Look both ways before entering the roadway.
- 4.) Be prepared to take evasive action and be a defensive driver/operator.
- 5.) Slow down.
- 6.) Wear protective helmets and clothing.

Following these simple rules hopefully will lead to the safety of all citizens.

Thank you,

Captain Charles L. Pepples
Boone Police Department
