Financial Overview: Blakely reviewed estimated expenses around \$500 for Nights on the Green Event which included art supplies for the Kids Activities and an event photographer. Blakely mentioned there will be revenue towards these expenses via private donations and our role as “volunteer sponsors” with the CVB.

Arts Projects: *Nights on the Green – Race Night* – Blakely gave an update on the Arts Council’s participation for the Nights on the Green Event, themed Race Night. Blakely explained how the kids activities all tie together with the Arts Council through “*Discover the Arts Around You.*”

Blakely reported that the Tricycle Race suggested by NOG Committee has been replaced with Kids Racing Carts via the CVB approval. Both parties agreed that the kids racing carts would be more kid pleasing..

Current Activities planned include:

- Brooklyn Raine Racing, Outlaw Winged carts. *Kids sit in carts, get a photo taken, and visit with the trophy winning racer Brooklyn.*
- Face Painting. *Face Painting and racing tattoos*
- Artful Hair. *Braids, up-do’s and temporary hair color.*
