

Story Street Mill and Overlay Update

Downtown Business Owners

Notice of project Changes

In order to expedite and simplify the Story Street mill and overlay project, Story Street will be fully closed to vehicle traffic from 7th Street to 8th Street, as well as the intersections of 7th and 8th on Monday, August 19th through Friday, August 23rd. This will allow contractors to complete the decorative crosswalks at 7th and 8th Streets in one step completing this phase of the project. This was not the original plan for this project, but after looking into the options this seems to be the best way to simplify traffic control and complete this phase of the project on schedule. All properties will be accessible by pedestrian traffic as normal. We appreciate your understanding.

All schedules are weather permitting.
